### **NEW ART GALLERY OPENING IN CENTERBROOK CONNECTICUT PROMISES TO BE A FRIEND TO ARTISTS.**

Set next to lovely Falls River on 85 Main Street, Centerbrook is a new and innovative art gallery. Owned by Glynnis Sorrentino, and managed by Lisa Mikulski, the gallery will represent established and emerging contemporary artists and artisans. It is Ms. Sorrentino's mission to create a haven and community for artists to work on the property, attend lectures, workshops and exhibit in the gallery. Several shows and lectures are already planned through December 2006.

The gallery stood on the property as a 200 year old barn that Ms. Sorrentino renovated and converted into a gallery and artist working space. "The element of Northern light is so conducive to creativity here." says artist Jeannette Olson. Views overlook Falls River. Limited loft space is available for resident artists.

Opening night is August 24, 2006. The opening will run from 6-10pm. Admission is free of charge. Live musical entertainment with Cantico, tapas, wine, beer and refreshments will be served. Please join us for a summer evening under the stars, meet the artists, and relax in a beautiful artistic country setting.
